## Invitation

On behalf of the Local Organizing Committee, I would like to announce that the Global Chinese Dermatology Summit 2025 will be held on 5 – 7 September 2025 at the Hong Kong Convention and Exhibition Centre. This is the first time for the four organizing parties, the Hong Kong College of Dermatologists, the Hong Kong Society of Dermatology and Venereology, Department of Medicine of the Chinese University of Hong Kong and the University Department of Medicine of the University of Hong Kong, to join hands to organize this Summit in Hong Kong.

Half-day workshops are planned on the first day to equip delegates with more basic knowledge and techniques. It will then be followed with a 2-day meeting covering symposia on various aspects of emerging therapies in Eczema and Psoriasis, new treatments on infectious diseases in dermatology, paediatric dermatology, Acne and Rosacea. Of course, new development in aesthetic medicine and emerging laser and energy-based technologies will also be covered. World-known experts from all over the world will be invited to give lectures. This is a great occasion for delegates to gather the latest market intelligence and achievements, exchange their experience and expertise.

This Summit also provides an excellent opportunity for sponsors to meet with 500 most respected dermatologists, plastic surgeons and aesthetic physicians from all corners of the globe. It is an ideal platform for introducing their latest products and technologies to the delegates. Different levels of sponsorship involvement are outlined in this prospectus. Your support will position your company in the forefront of the field. This is a meeting that you must attend and support!

We sincerely hope that you will join us!

Yours sincerely,

Professor Henry Hin-lee Chan  
Chairman, Local Organizing Committee
